DIVISION

INFORMAL OBJECTION

WITF, Inc., licensee of FM Station WITF Tiffin, Ohio, ("WITF") by its attorney hereby informally objects to the above-referenced application of Shellee F. Davis ("Davis").

WITF operates on Channel 279B, the first adjacent channel to the facilities proposed by Davis. It has standing to make this objection on the basis that Davis' proposed facilities will short-space WITF's protected signal contour by approximately 6.84 km, thus limiting WITF's future ability to change its transmitter site.

As shown by the Commission's files, there are at least two applicants for Channel 280A Westerville, Ohio, proposing facilities which are fully-spaced to WITF: Westerville Broadcasting Company, Limited Partnership, (File No. BPH-911231MB) and Ohio Radio Associates, Inc., (File No. BPH-911231MC). WITF is aware that Ohio Radio Associates, Inc., has petitioned to deny Davis' application.

WITF objects to the Commission accepting Davis' application which

of Davis' application may limit WITF's ability to relocate its tower site or modify its facilities, WITF does not desire to be short-spaced to Davis' proposed station.

Accordingly, Davis' application is not in the public interest and should be dismissed.

Respectfully submitted,

WITF, INC.
